SUMMARY

Build React/TypeScript interfaces and Kotlin/Java services, with 3+ years of development experience in enterprise analytics and B2B applications. Develop features across the frontend and backend, from design through deployment.

EXPERIENCE

Full Stack Developer · Voyager Labs 08/2025 – Present

- Built login and password-reset flows across React interfaces and Kotlin/Java services, with signed sessions and single-use reset tokens.
- Rebuilt the legacy graph client in React/TypeScript, supporting interactive analysis of up to 5,000 nodes and 30,000 edges.
- Improved graph performance by eliminating redundant calculations.
- Fixed an access-control flaw and added Kotlin regression coverage to guard against recurrence.

Full Stack Developer · IZer — Tel Aviv-Yafo, Israel 11/2023 – 07/2025

- Delivered core store-management features on a two-person team, from client requirements through deployment, using Next.js, React and Laravel.
- Built order forwarding between stores, with real-time chat and order notifications delivered through a shared WebSocket layer.
- Built attendance tracking and salary calculation using Laravel and MySQL.

Full Stack Developer · OMEK - Startup 06/2021 – 12/2021

- Designed and built a reusable Vue.js component library for a smart-reading product proof of concept.

QA Automation Engineer · Israel Defense Forces 11/2018 – 03/2020

- Automated end-to-end testing for React applications with JavaScript and TestCafe, reducing manual testing time.

SKILLS

Languages: TypeScript, JavaScript, Kotlin, Java, PHP

Frontend: React, Next.js, TanStack Router, TanStack Query, Tailwind CSS

Backend: Ktor, Node.js, Laravel, REST APIs, WebSockets

Data: MySQL, Data modeling (Laravel ORM), Apache Solr

Testing & Quality: Unit testing, vitest, kotest, JUnit

DevOps & Tools: Git, Docker, Kubernetes, CI/CD

Spoken: Hebrew (Native), English (Proficient)

EDUCATION

Ono Academic College · BSc Computer Science — Qiryat Ono, Israel 02/2022 – 04/2025

Kernelios · Full Stack Web Development Course — Rishon LeZiyyon, Israel 01/2021 – 05/2021
